benefit

The economical RollNap dispensing system is designed for high-traffic environments. RollNap delivers one quality napkin at a time, resulting in increased personal hygiene and reduced waste. Dispensers hold 500 napkins per roll, producing additional savings in labor. Napkin rolls are made from 100 percent recycled content and are EcoLogo certified. RollNap dispensing systems are particularly well suited for sports stadiums, cafeterias and other high-traffic environments where napkins are taken on a self-serve basis from central locations. Also available in Black 21B.
